About Me

I Passionate Data Analyst and Machine Learning Expert with strong command over Python. Skilled in extracting insights from complex datasets, building predictive models, and developing scalable Python applications that solve real-world problems.

Experienced with Pandas, NumPy, Scikit-Learn, TensorFlow, and Power BI. Committed to delivering data-driven solutions with precision and creativity.

WORK EXPERIENCE

DATA ANALYST (Freelance)Self-Employed | 2025- Present

- Analyzed large datasets using Python (Pandas, NumPy)
- Built ML models with up to 92% prediction accuracy
- Created dashboards with Power BI for client insights

PYTHON DEVELOPER (Freelance)Self-Employed | 2025 - Present

- Built web scrapers and automation scripts
- Developed REST APIs using Flask

DATA ENTRY OPERATOR Hackta Company | 2025 - 2026

- Managed data entry for multiple clients
- Ensured 99% accuracy in all records

DEDICATION

I am dedicated to continuous learning and professional growth in Data Analytics and Machine Learning. I aim to leverage my Python and analytical skills to solve complex business problems, deliver impactful insights, and contribute meaningfully to every project I work on.
